ALL HAIL!!
Something for the Million!!
PROF. WOOD'S
HAIR RESTORATIVE!
WE CALL THE ATTENTION OF ALL, OLD and YOUNG, to this wonderful preparation, which turns back to its original color, gray hair—covers the head of the bald with a luxuriant growth—removes the dandruff, itching, and all cutaneous eruptions—causes a continual flow of the natural fluids; and hence, if used as a regular dressing for the hair, will preserve its color and keep it from falling to extreme old age, in all its natural beauty. We call then upon the bald, the gray, or diseased in scalp, to use it; and surely the young will not, as they value the flowing locks, or the witching curl, ever be without it. Its praise is upon the tongue of thousands.

Watertown, Mass, May 1, 1855.
PROF. O. J. WOOD: Allow me to attest the virtues and magic powers of your Hair Restorative. Three months since, being exceedingly gray, I purchased and soon commenced to use two bottles; and it soon began to tell in restoring the silver locks to their native color, and the hair, which was before dry and harsh, and falling off, now became soft and glossy; and, it ceased falling; the dandruff disappeared, and the scalp lost all the disagreeable itching, so annoying before, and now I not only look but feel young again. Respectfully, yours, etc.,
CHAS. WHITNEY.

New York, Oct. 2, 1855.
PROF. O. J. WOOD—Dear Sir: After reading the advertisement in one of the New York journals, of your celebrated Hair Restorative, I procured a half-pint bottle, and was so much pleased with it that I continued for two months, and am satisfied it is decidedly the best preparation before the public. It at once removed all the dandruff and unpleasant itching from the scalp, and has restored my hair, naturally, and, I have no doubt, permanently so.
You have permission to refer to me, all who entertain any doubt of its performing all that is claimed for it.
MISS FEEKS, 24 G[illegible] st.

I have used Professor O. J. Wood's Hair Restorative, and have admired its wonderful effects. It restored my hair where it had fallen off; it cleans the head, and renders the hair soft and smooth—much more than oil.
MARY A. ATKINSON.
Louisville, Nov. 1, 1855

State of Illinois, Carlisle, June 27, '55.
I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative" it has resumed its original color, and I have no doubt permanently so.
SIDNEY BREESE,
Ex-Senator United States.

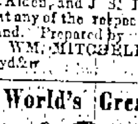

[From the Washington Star.]
Among the many preparations now in use for the restoring, preserving and beautifying the hair, there are none that we can recommend with more confidence than Prof. Wood's Hair Restorative, now in general use throughout the States. This preparation possesses the most invigorating qualities, and never fails in producing the most happy results when applied according to directions. We refer our readers to the advertisement for a few of the innumerable certificates which have been sent by parties who have been benefited by it, and who feel happy in giving testimony to its wonderful effects produced on them.

THE EDINBURGH REVIEW (Whig).
3.
THE NORTH BRITISH REVIEW (Free Church)
4.
THE WESTMINSTER REVIEW (Liberal).
5.
BLACKWOOD'S Edinburgh Magazine (Tory.)

These Periodicals ably represent the three great political parties of Great Britain—Whig, Tory, and Radical,—but politics forms only one feature of their character. As organs of the most profound writers on Science, Literature, Morality and Religion, they stand, as they ever have stood, unrivalled in the world of letters, being considered indispensable to the scholar and the professional man, while to the intelligent reader of every class they furnish a more correct and satisfactory record of the current literature of the day, throughout the world, than can be possibly obtained from any other source.

EARLY COPIES.
The receipt of Advance Sheets from the British publishers gives additional value to these Reprints, inasmuch as they can now be placed in the hands of subscribers about as soon as the original editions.

Dr. Jacoby's Establishment
FOR THE TREATMENT OF THE SKIN, and the Restoration of the Hair, No. 2 Tremont Street, Boston. Dr. Jacoby invites the attention of persons subject to diseases of the skin manifested in the gradual loss of the hair, or persons who are already bald, to his establishment, where a remedy can in most cases be found under his Mineral treatment. He cannot, in this connection, warn persons too strongly against the use of greasy substances, or those deleterious washes commonly composed of castor oil and alcohol, which are at once so fatal to the hair and skin. In many cases, the loss of the hair proceeds from these circumstances: The system expels through the pores of the skin a certain quantity of animal matter; if this is suffered to remain, the pores become clogged up, and consequently the health of the hair is impaired. Now to add to these animal accumulations, greasy substances, particularly such viscous and gummy as castor oil, is of course to increase the evil. Cleanliness is the first law of nature. The animal deposits must be removed, the skin kept free from all fatty matter, and the pores kept open. Let this be done, and in nine cases out of ten there will be no trouble with the hair. In cases where diseases of the skin have been contracted by a long neglect of these rules, a mineral treatment is necessary to restore the skin to a healthful and natural condition. Dr. Jacoby will be happy to give to any person calling on him a more extended explanation of the whole theory of such diseases and their treatment, founded upon simple and obvious conditions of natural science. The appended certificate is only one of a large number from other sources, testifying to the efficacy of his Mineral Washes as a remedy for baldness.

This is to certify that I have had an article called the Berlin Hair Wash, applied during the last five or six weeks, to my head, for the purpose of renewing and strengthening the hair. It has been very effective in producing such a result; and I can cheerfully recommend the same to those afflicted with baldness or diseases connected therewith.
JONAS CHICKERING.

Dr. Jacoby would also call the attention of the public to his celebrated Mineral Hair Dye, which will be found, on trial, to possess advantages over any Dye ever discovered, or now in use. The majority of the usual Hair Dyes are composed of nitrate of silver, which is a powerful caustic, not only sure to injure the skin and burn the hair, but producing green, pink, and metallic tints in its coloring. Dr. Jacoby's Hair Dye, although derived from minerals, has in its composition neither metal or acid. It will produce any tint from the highest brown to the deepest black, and perfectly imitate the natural hues of the hair. It will also soften the texture of the hair. It will, in no case stain, burn, nor in any way, injure the skin. Any person can test its capabilities by a single trial. The most entire and perfect satisfaction is guaranteed for it.
The appended certificate from Dr. Charles T. Jackson will testify to its efficacy:
BOSTON, Nov. 18, 1851.
I have seen Dr. M. Jacoby's Hair Dye used in coloring hair of deep brownish black of a beautiful natural color, and can certify that it is perfectly efficient, and permanent.

THE ADMISSION OF MINNESOTA AND OREGON.—J. S. Pike writes to the New York Tribune from Washington that although the bills to pave the way for the admission of Oregon and Minnesota as States, passed the House, he doubts whether they will be allowed to go through the Senate. Yet Minnesota has already a population of near 200,000. But it must wait for Pro Slavery arrangements. The Kansas managers seek to be quietly progressing in getting up a slavery constitution there.

The new State of Minnesota will embrace but seventy thousand square miles, leaving about ninety thousand, now comprised in its limits, to be formed into a territory called the Territory of Dacotah, the name of a distinguished Indian tribe. Minnesota will on the east be bounded mainly by the Mississippi and its chief eastern tributary, the St. Croix. On the west by a boundary nearly on the line of the Red River of the North. The new State will possess many very interesting features. One is Itasca Lake, the source of the Mississippi. Another is the Red River of the North, within the Minnesota Territory. High as is the latitude, the fine lands, good streams, beautiful lakes and other advantages will soon make Minnesota a very populous State.

Oregon is but a part of the former Oregon Territory. The whole Territory was divided by Congress into two parts—Oregon and Washington—the former lying south of the Columbia river and the 46th deg. of latitude.

A Washington correspondent says:

It is regarded as a singular fact that during the consideration of the Minnesota and Oregon Bills in the House to day not one word was said about the admission into the Union with or without slavery, and the bill then so ves are altogether silent upon that subject.

The public have probably forgotten that the Wilmot Proviso has been applied to Oregon in the organization of the Territory, on motion of Caleb B. Smith who then represented the Wayne District in Indiana.

In reference to Oregon the question of slave questions cannot be raised. In regard to Minnesota the part of it which lies east of the Mississippi falls within the ordinance of 1787, and if it were possible for slavery to exist there it would not be possible to bring it into that State now.

Our people have been favored this week with two lectures from HENRY WARD BEECHER—both delivered to crowded houses—and both characterized by that concentrated power, fearless originality and nervous eloquence which have given Mr. Beecher his world wide and deserved reputation. He is an independent man in all respects, and does not hesitate both to preach upon the evils and sins of the times and to exercise the right and, as he just lives at the duty of every clergyman as well as of every other true patriot to take his stand as one of the people in the vitally important matters of politics. He thinks the duty of a clergyman is not merely to bombard the Tower of Babel, but to pay attention to the weakness of his own day and generation.

The first lecture by Mr. Beecher (on Wednesday evening, in the Independent Course) was upon the subject of Patriotism, and the lecturer set forth concisely its elements,—the duties of the true patriot,—and some of the dangers to which in this country the spirit of Patriotism is at present subjected.

The second lecture (on Thursday evening, in the Mercantile course) had for its subject The Christian Commonwealth, which he described as founded upon a general recognition of its superior value over all systems, institutions, thrones, empires or governments whatever.

THE INDIANA SENATORS. The Boston Post says the election of Senators in Indiana is all right and one leave is to prove it by a few lines. It says a majority of each house was present at the joint meeting, when the fact has been stated to be that there was not a majority of either house in the Convention. The Republican majority of the Senate remained in the Senate Chamber, during the whole time of the Convention in session, as a Senate and transacting business as such.

We cannot think the hunker majority in the U. S. Senate has any real intention of admitting either of the Senators thus chosen. The case is probably as suggested by the New York Herald—that the whole farce of an election was got up by Bright of Indiana simply to prove that he possessed the confidence of the Indiana democracy, and was their choice for Senator instead of Mr. Wright, who was a contending candidate for the Senatorship—the use to be made of the election is to forward Bright's pretensions to a seat in the Cabinet.

Thirty thousand dollars have been subscribed to the first railroad in Kansas—from Quindaro to Lawrence.

So great has been the extravagant mismanagement on the Ohio canals for years past, that the newspapers of that State are agitating the project of selling the works to private corporations.

Supreme Judicial Court—Criminal Term—Cutting J.

FEBRUARY 13

The Court came in at ten o'clock, when the Grand Jury reported about 30 bills of Indictment. They will probably report finally this morning. The following prisoners were then arraigned.

John Thomas and Geo Shaw Jr, of Bangor, Robbery, plea, No Guilty.

Anthony Curran, Orono, Arson, plea, Not Guilty.

Samuel Wheeler and Chas H Porter, Carmel, Burglary, plea Guilty.

Geo W. Merrill, Bangor, Larceny, plea, Not Guilty.

Cath Riley, alias Kate Ford, Bangor, Larceny, plea, Not Guilty.

Dennis Finn, Bangor, Larceny, plea, Not Guilty.

Richard Flannagan, Bangor, Larceny, plea, Not Guilty.

Henry Smith, alias Henry Ellis, Burglary, 2 indictments, plea, Not Guilty.

Wm F. Hummer, Calais, Larceny, plea, Not Guilty.

Wm H Reed, Oldtown, Burglary, 2 indictments, plea Not Guilty.

Isaac Cunningham, Hudson, Larceny, plea, Not Guilty.

The trial of John Thomas and Geo Shaw, Jr, was then commenced. In this case it appears that one evening in October last, Isaac Sanborn of Brooklyn Me, (then being at work in Brewer) came to this City, and while in a shop on Exchange St, he made the acquaintance of the prisoners who wanted him to treat, which he did. They then proposed a ride, and went to a stable to get a team while there Sanborn began to suspect that they were bad fellows and tried to get away from them but they followed him to Elder's Cellar, where as he was about entering, he was seized by Shaw, and held while Thomas robbed him of his wallet containing about $14. They then ran away but were afterwards arrested by the Police.

Considerable amusement was created during the examination of Mrs. Canty (in whose house it will be recollected Marshall Weaver found a hole—in the wall) who was one of the witnesses in this case.

The Police in passing the house of James Sullivan on French street, on Tuesday last, heard loud talk, which induced them to enter, but on going to the door they found it fastened and were compelled to break it open. On entering they found Sullivan partly naked and his wife, both intoxicated with a small child nearly frozen. There was no fire in the house though the thermometer was 12 degrees below zero. They were taken before the Police Court and sent to the House of Correction for thirty days.

GRAHAM'S ILLUSTRATED MAGAZINE for March appears on our table, in excellent season. It is as is a full and very attractive table of contents. Among other interesting stories is one entitled The New Piano, by Mrs Hughs. The Bridal Wine Glass is an impressive sketch by Mrs. Mary A. Dennison. The Fortune Hunters by Mrs. Crowe is concluded. The Magazine improves in value and interest, as the times advance.

The House of Representatives of Indiana has passed a bill securing to married women whose husbands have deserted them, or have been imprisoned for felony all their own real and personal property, their own earnings during such desertion or separation, and the proceeds of their husbands debts.

Fanny Kemble writes an indignant letter to the Milwaukee Sentinel pitching into the hotels of that place. One week's board cost her $91.

The new Unitarian Society of South Brooklyn have extended an invitation to Rev T Starr King, of Boston to become their pastor.

MYSTERIOUS DEATH OF A FEMALE. On the 19th of January last some watchmen who were passing through Williams court found extended upon the snow a woman named Ellen Desmond who had apparently been seriously injured. She stated that in passing through the court she had been suddenly drawn into a doorway by some man standing therein, and carried up to the third story of the house, where to free herself she suddenly leaped out of the window. She was carried to the Massachusetts General Hospital, where it was found that her back was broken. She lingered until yesterday morning when she died. Another statement is that the woman was intoxicated, and jumped out of the window from fright at the sudden putting out of the lights in the room. Coroner Stedman will investigate the matter. [*Boston Post*

A man calling himself 'John the Baptist' has been making himself conspicuous about Chicago for some time. On Thursday, however, he was incarcerated in the county jail by what he termed the 'ungodly Philistines,' for purloining a pair of drawers.

[From the Journal of Commerce 11th]

THE MURDER OF DR. BURDELL. The developments yesterday before the Coroner's Jury were of marked importance and interest. A shoe maker by the name of John Farrell, a native of Fishkill, testified that as he was passing through Bond street in the direction of the Bowery, about a quarter before 11 on the night of the murder, he perceived that the string of his shoe was untied, and stooped to tie it, putting his foot upon Dr. Burdell's door step. While engaged in this operation a man came along from the direction of the Bowery, wearing a shawl and entered the house.

In about a minute and a half afterwards, Farrell, being still on the steps, heard a suppressed cry of murder, and if the victim were choked, and in half a minute more, a stout man, with his coat off and in his left arm and with no hat on, came to the door, opened it about two feet, and demanding of Farrell what he was doing there, roughly ordered him away. Farrell after giving his testimony, was conducted into a room where were about thirty persons, and singled out Eckel as the man—He had never seen Eckel before to know him nor at the time did he know whose house he was in front of.

The peculiarity of the circumstances which induced him to stop in front of Burdell's house, (the untying of a shoe string,) and to remain there so long (a lame back) are remarkable and if Eckel should be convicted they would be taken as another illustration of the fact that murder will out.

Another important discovery was the fact that, on the day of the murder, a gentleman and lady called at a hardware store in Broadway to purchase a dagger. Not finding one strong enough the keeper offered to procure one to their order. They however declined, saying they must have it that day. If any one in this part of the city sold a dagger on Friday, the 30th ult, especially if he sold it to a gentleman and lady, he would lose no time in making known the fact to the Coroner.

It was testified by Farrell that he saw no light in the hall when the door was opened, and by Snodgrass that there positively was no light in the hall on the night of the murder. Consequently, if the murder had been committed by a stranger to the house and to its inmates, he would have had to grope his way down in order to get out.

Snodgrass testified yesterday that at the time the murder is supposed to have been committed say a quarter before eleven o'clock on Friday evening Jan 30th he (Snodgrass) Mrs Eckel and the two Misses Cunningham and Mr Eckel were all in Mrs Cunningham's room that he (Snodgrass) went to bed at 11 o'clock, leaving Mrs and the two Misses C still in her room. Eckel he thinks, left the room about three minutes previous. There is some discrepancy between this testimony and that of the elder Miss Cunningham as examined last Saturday.

Besides these five persons there were two boys sleeping in the house and one servant, none of whom, it is claimed, heard any unusual noise, or knew anything of the murder until the next morning. And yet the cry of murder or murder—, was heard by at least two persons in the street, and by one or more persons in a neighboring house. John Farrell testifies that it might have been heard as far as the Bowery.

RUSSIAN JUSTICE. The Paris correspondent of the New York Times, tells a story which serves to show the rapid manner in which the Russian government does one part of justice.—Eighteen months ago Miss Ward, one of our southern States, was married at Florence to a Polish count. After residing with her three weeks he took French leave taking with him his wife's jewels. Half a letter stating that the marriage was invalid from the fact that no Russian subject could be legally married except by the Greek service. Of course the lady was in great consternation, and at the time of the coronation of the czar she with her mother went to St. Petersburg. Mr Seln, the principal writer for Dickens's Household Words drew up a petition for her to the Russian government and it was presented by Mr. Seymour, the American minister. The case was laid before the emperor and an order was issued to the Russian minister at Naples (where the count was living, for he is a count). He was seized by the Neapolitan police, at the expense of Russia carried to Warsaw, where the lady and her friends were waiting, marched into the church by a posse of policemen and was there compelled to stand up before the altar and be married in due form. His wife then the count was returned to him as soon as the ceremony was over, made a formal bow, and bade him adieu forever. The count was sent to Siberia, his property confiscated. His wife, retaining one third by law. The family immediately left for Italy, where they are spending the winter.

THE SPHYGMOSCOPE. This is the name given to a recently invented instrument for indicating the movements of the heart. It consists of a small chamber containing spirits of wine or other liquid provided with a thin india rubber wall where it is applied to the chest. At the opposite extremity the chamber communicates with a glass tube, which rises above the level of the chamber. The liquid is put in the instrument until it stands in the tube a little above the level of the chamber. The pressure of the liquid in the tube acts upon the elastic or yielding wall of the india rubber, and causes it to protrude. When the india rubber chest piece receives an impulse on its exterior, it causes the liquid to be forced up the tube. The protruding wall of india rubber is driven inward when it is brought in contact with that portion of the chest which is struck by the apex of the heart, and a rise in the tube takes place. The tube is applied with a graduated scale, to denote the rise and fall with exactitude. On the top of the glass tube is a collar, to prevent the egress of the liquid when employed, this collar or valve is left open for the passage of the air. With the aid of this instrument the fact, it is alleged is demonstrated that the action of the heart may be great when the pulse is small—a fact not in accordance with the view of the subject generally entertained by physicians and others.

Brig White, of Machias before reported abandoned was boarded by a sea, which took masts, bulwarks, and nearly everything from the deck. A son of the captain, five years old was so much injured at the time that he died the next day. The vessel was a complete wreck. When taken off, Capt Stuart, wife and 7 men had been 7 days on the wreck with nothing to sustain life but a few peas and the snow which they could obtain but in small quantities.

FROZEN TO DEATH. The Claremont Eagle states that Deacon Joseph Stevens of that town was frozen to death on Tuesday night of last week, in an open field where he had wandered in a state of insanity. He arose in the night and left the house with only his night clothes on, and after two hours search he was found in a field about a hundred rods from the house dead. Mr Stevens was 72 years of age and was a brother of Paran Stevens of the Revere House, Boston.

A countryman passing from Syracuse to Oswego over the Oswego Railroad and observing that the cowcatcher was attached to the rear car, instead of being in the customary place in front of the train, inquired of a fellow passenger the reason. Inasmuch as this road is a 'slow coach,' the reply given will be appreciated. 'The reason, sir, is to prevent the cows on this road from running into the train.'

Legislative

WEDNESDAY Feb 11

SENATE.—Bill (reported in the House) in relation to the attachment of real estate and immovable personal property was passed to be engrossed.

Mr Herrick from the Committee on the Judiciary, to which was referred so much of the Governor's Message as relates to the removal of Woodbury Davis reported a bill relating to the Supreme Judicial Court. [The bill revives that part of the act of 1855, which provides for an eighth Judge, and two or three other sections of the same act.]

The rules suspended and the bill read a second time.

The bill then passed to be engrossed.

Committee on Mercantile Affairs and Insurance to which was referred an order relating to the subject of the French spoliations report ed against it, while expressing a belief that our delegation in Congress would do their duty on that question, without special instruction.

HOUSE.—The committee to which was referred the subject of the fishing bounties reported resolve instructing our Senators and Representatives in Congress to vote against repeal of the present fishing bounties.

Petitions referred.—Of William Jackman and others for an appropriation for a road from Nicatou to Patten; of A. A. Wood and others for extension of charter of Bangor and Brewer Steam Ferry Company; of School District in Bucksport for leave to raise money under the bequest of J. R. Folsom.

Bill, an act in relation to the Supreme Judicial Court came from the Senate passed to be engrossed. It was read twice, and Mr. Gilbert of Bath, moved to suspend the rule and give the bill a third reading at this time.

Mr Cressay of Dexter said that the true bill before the House was one of immense magnitude. It proposed to add a new Judge to the Supreme Bench and therefore to take out of the Treasury of the State $1800 a year. He saw no reason for adopting an unusual course in relation to this bill. There were differences of opinion in regard to the necessity for such a bill and there were some things not included in the bill in details that ought to be inserted if the bill was to pass—questions relating to the number of the Judges necessary to form a quorum.

Mr Foster of East Machias, said that he wanted the bill laid upon the table and printed. He was not prepared to act thus hastily on the bill. He wanted time to deliberate.

Mr Hichborn of Prospect said that no gentleman of the House was better acquainted with the merits of the bill than the gentleman from Dexter. He was on the committee that reported the bill. The subject he supposed was fairly considered there and it was fully understood he thought by the House.

Mr Drummond said he would read the two acts of the last Legislature which this bill proposed to repeal, and this would give the House the whole case. Mr Drummond read these as referred to, and said that the whole scope of the bill was to repeal these acts.

Mr Duren of Calais said the gentleman from East Machias was extremely anxious for deliberation now but how was it last year with these acts which the bill proposes to repeal? There was deliberation then but not in this House. It was down among the subterranean underground in the dark room of the capitol. When these bills were brought into the House there was not an hour's debate but the bills were forced through immediately upon the previous question.

Mr Parlin of Winthrop after some further debate moved an adjournment, and the motion prevailed. Adjourned.

A woman has just been condemned by the tribunal correctional of Rouen to the penalty of a fine of 1000 francs for the offence of sticking a postage stamp which had been used before, upon her letter. This extraordinary sentence was because the woman had set up a fraudulent defence.

Holloway's Ointment and Pills extraordinary Remedies for the Cure of Erysipelas. Charles Parpont was afflicted for seven years with this disease. For nine months he was almost deaf and blind with it so severe the neighborhood that they did not do him any good but to use his own words he was left alone to die. His good genius however, did not desert him for a friend of his brought him a couple of large boxes and pots of Holloway's Pills and Ointment, which he thankfully accepted and commenced using. The result was perfectly miraculous for in two weeks he was able to get up and could see and hear well; at the expiration of a month he was perfectly cured, and able to resume his work.

TO THE DAILY WHIG AND COURIER

LATER FROM EUROPE.

ARRIVAL OF THE

ANGLO SAXON,

AT PORTLAND.

PORTLAND, Feb. 13th.

The Anglo Saxon from Liverpool about 12 o'clock morning of Wednesday 28, arrived here at 12 o'clock this morning. Same hour the City of Baltimore sailed from Liverpool for New York.

The Niagara arrived at Liverpool 24 o'clock morning of the 25 h.

The Edinburgh arrived at Glasgow.

The Africa sailed from Liverpool the 24th with forty passengers for New York.

No steamer will leave Southampton for New York until Feb. 26th.

Britain.

There was a rumor that on the fall of Bushire the Persians made submission to the British, but the London Journals have no confirmation and mostly doubt it.

Parliament will assemble Feb. 3d. The Queen's speech will be read by commission.

Per Africa was mentioned, ship Confederation of Philadelphia, was ashore in Victoria Channel entrance to Mersey. She afterwards floated off but having lost her rudder, drove ashore near the former place. A lifeboat succeeded in taking off all hands except the Captain, mate, steward and a boy, who determined to remain.

On Friday evening tugs were sent out but they could not find her, owing to the darkness of the night. It was then blowing a severe gale. On the morning it was found that she had broken up and there is little doubt that the captain, mate, steward and boy were lost. During the night a light was seen hoisted in the rigging from the shore—it gradually submerged—portions of her cargo were afterwards found washed ashore along the coast.

France.

It is said the French force will certainly evacuate Greece this spring.

Reinforcements are being sent to Africa against Kabylee.

Fuad Khan, the Ambassador of Persia has taken official presentation to the Emperor.—The Emperor made a guarded reply—taking care to imply that the treaty between France and Persia is commercial only.

Germany.

The Diet terminated its sittings the 24th.

Its Prussian representation announced the release of the Neufchatel prisoners by Switzerland, as an act expressive of the King of Prussia's most friendly intentions.

Switzerland.

The Paris Monitour officially confirms the statement that in mediating in the Neufchatel affair, Napoleon acted in reliance on a confidential knowledge of the King of Prussia's intentions, and that Switzerland may now safely disarm, the troops having been dismissed to their homes.

Denmark.

The Berlin Borsenhalle affirms that the Rendsburg negotiations were closed on the 19th by the conference, and that matters are so advanced as to promise a final arrangement in the middle of next month. No serious difficulties remain to be settled. All the principal parties appear to be pacific and loyal.

Denmark will come to an accord separately with some parties as to terms of payment.

Italy.

Doubtful letters from Naples speak of a conspiracy to blow up the King's palace. Also, that a body of armed men overpowered the guard and conveyed the body of Miliako, the assassin, on board a ship.

Turkey.

The conferences at Constantinople, concerning the Principalities, have at length terminated, and ten thousand Turkish troops are to march into Wallachia and Moldavia, to keep order during the election.

The order that the Austrian troops are to withdraw from the Principalities has left Vienna.

The news, when it spread in Vienna, produced a favorable influence on the bourse.

A Circassian chief has arrived at Constantinople on an official mission.

Persia.

Further telegraphic accounts are received.

Bushire surrendered on the 9th Dec., after a severe fire from the Fleet.

Fort Bushire was captured on the previous day after a smart action.

Brigadier Stopford, Colonel Malet and Lieuts. Hawkins and Warren were killed, besides 20 rank and file.

Reserve was occupied on the 4th Dec.

Large reinforcements are to be sent up the Gulf.

Sir J. Bowring had applied to the Indian government for troops.

The French journals publish the following, dated Marseilles:

"The Caria has arrived with news from Constantinople of 15th.

Constantinople journals confirm the statement that the English have taken the Island of Kharak and Fort Bushire.

The Persian garrison had received orders to retire into the interior.

The inhabitants of the city of Bushire retired after the entry of the English.—The latter were preparing to extend their operations into the interior. Considerable reinforcements had arrived in the province of Shiraz.

Meerza Kiliar, respecting whom the dispute originated, has renounced English protection. Several partizans of Candahar have refused to submit to England, and have gone to Teheran to offer their submission to the Shah.

The Shah had concentrated his troops in the Eastern Provinces.

Herat had taken possession of the Islands in the Caspian, without Persia's consent.

The Imaum of Muscat was seeking to annex the province of Afeghanistan to his Territories."

China.

News already telegraphed from China is repeated by private advices, which say that the Chinese set fire to the foreign factories at ten o'clock on the night of Dec. 19th, and the Europeans escaping when the mail left, the buildings were almost destroyed. It is however right to say that the news is received with some suspicion in London.

The Telegraph further says, Commodore Armstrong attacked and dismantled the Barrier Fort in consequence of the Chinese wantonly firing on a man-of-war's boat under American colors.

The prices of Tea had advanced. The supplies were scarce everywhere.

The silk arrivals at Shanghai were 67,000 bales. The settlement 61,000 bales. Prices were \$30 to \$35 higher. Exchange 7s. Exchange at Hong Kong 4s 8d to 4s 8¼d, owing to advices from India.

India.

The same mail brings India advices of Bombay Jan. 3d, Calcutta, Dec. 22d, Ceylon, Dec. 29th.

A portion of the troops are held in readiness for service.

133,000 cwt. of coffee had been shipped.

The Java coffee crop was 837,000 pecules in 1856, against 1,264,000 in previous year.

Australia.

Melbourne advices are received to 30th, October.

The total amount of gold produce for 1856 is estimated at 120 tons. Markets for imports had generally much improved.

Arrived—From New York 23d, Howard for Hamburg, 24th, Alexandrine for London, William Tell for Liverpool, Auguste for Helvoit, 26th, Rein, Hart, American Eagle for Gravesend.

From Boston 23d—Fruiter for Marseilles.

From Philadelphia 25th, Tonawanda for Liverpool.

From New Orleans 23d, William Witherly, 24th, Shawsheat, Escort for Liverpool.

Sailed—For New York 25th, Southampton for Gravesend, 26, Empire, Liverpool.

For Boston 26th, Cleito of Liverpool.

For Charleston 25th, Isex of Liverpool.

For New Orleans 25th, Charlotte—26, Malakoff, President Smith of Liverpool.

LATER FROM CALIFORNIA.

ARRIVAL OF THE

GEORGE LAW,

AT NEW-YORK.

NEW YORK, Feb. 18,

The steamer George Law from Aspinwall evening of Feb. 3d, arrived at this port at 6 o'clock, bringing San Francisco dates of the 29th of January, and $1,100,000 in specie.

The Geo. Law connected with the Golden Gate which brought down its Panama upwards of a million and a half in gold.

Messrs. Broderick, Isaac, Gwinn, Senators elect from California, are among the passengers.

The frigate Independence was still lying off Panama.

The St. Marys had sailed for San Juan. The Cyane was at Aspinwall.

Advices from Panama are to the 3d inst.—Steamer Stern Nevada arrived there on the 2d inst., and departed a few days subsequently for San Francisco.

The Captain of the Sierra Nevada reports that he saw Walker at Rivas on the 17th of January, and that then the allies had not taken Virgin Bay. It is reported by the British steamer at Graytown, not had they made any attack upon San Juan Del Sur. Walker had an effective force of 1200 men and is strongly fortified at Rivas, where he has a foundry or casting. The Nicaragua route however is broken up. Walker had not heard of the capture of his steamers up to the 17th, but suspected something wrong.

Ship Natrage sent of Providence, arrived at San Juan Del Sur, Jan. 13th. Advices at Panama are from Valparaiso to the 1st of Jan, Callao to 11th, and Austri in to Nov. 11th. Business at Valparaiso dull. The U. S. Ship John Adams was still there.

Captain Bout well had, arrived at Panama and took passage on the George Law.

The revolution in Peru is in progress. The insurgents draw on gradually nearer the capital. An insurgent fleet entered the harbor of Callao Dec. 21st and had a slight skirmish with the forts and a government steamer in which several were killed, including the American bark Jaweno, were injured.

The English steamer Trident, and a French frigate, interfered for the protection of foreigners, when the insurgents hauled off leaving only the steamer Apurimac anchored in the harbor.

A French sympathizer with the insurgents was arrested having in his possession important papers.

Intercepted letters from Gen. Vivanko to Nieto are said to implicate the British and American ministers in the revolution.

The revolutionists had taken possession of the Chincha Islands.

The English mail steamer Lolivia from Panama, was boarded Jan. 10th off Callao, by the revolutionary steamer Tumbes and an attempt made to take her mails.

Another unsuccessful attempt at revolution had been made in Bolivia.

Advices from Australia are unimportant. The harvest prospects were good. Flour dull at £22 per ton.

Nothing important from Aspinwall.

California news is not very important.

The Governor's message to the Legislature recommends the passage of an act to legalize the State debt; and a bill was introduced for that purpose.

Several shocks of earthquake had been felt throughout the State. Buildings were shattered by it in Los Angelos and Santa Barbara.

The Gaudere party attacked the government troops at Sonora Nov. 25th, but were repulsed with the loss of 14 men.

A force has been raised at San Francisco for a filibuster expedition to Sonora.

The mining news is favorable.

The State Treasurer had deposited money with the Pacific Express Company, for payment of the State interest, but the Attorney General obtained an injunction restraining the payment.

Bold attempt at Robbery.

NEW YORK, Feb. 13.

Thursday evening, shortly before six o'clock Mrs. Bates, a boarder at the New York Hotel, Broadway, was sitting alone in her room, when a fellow stalked in and commenced breaking open her trunks, with a chisel. Mrs. B. asked him what he was about, at this he seized the lady by the throat with one hand, and placed the other firmly over her mouth to prevent her from screaming. Fearing so much alarmed for her own safety, Mrs. B., was unable to give any alarm. Taking advantage of her situation, the thief released his grasp and hastening down stairs, made his escape.

Mrs. Bates is from Boston, and has been at the New York Hotel for three or four weeks, intending to pass the winter.

Washington News.

WASHINGTON, Feb 13.

The Joint Committee, appointed by the two Houses of Congress to wait upon Messrs. Buchanan and Breckenridge and inform them of their election, will not perform that duty until these gentlemen arrive at Washington, which will be about the 26 h inst.

Mr. Brannan, special messenger from Kansas, arrived last night, with a memorial from the free State Legislature, asking Congress to protect them in their rights, which was to-day presented in the Senate by Mr. Wilson, and referred to the Committee on Territories.

Among the additional papers sent to the Senate, relative to the conduct of Gov. Stevens is one from the people of Washington Territory, asking for such action as will protect them in their personal rights, and shield them from the despotic acts of Stevens, whose removal is anticipated.

WASHINGTON, Feb. 14.

Jas. C. Bond of Boston, son of Professor Bond of Cambridge, was seriously injured at an early hour in the evening, will a sling shot, in the lockhead, while passing a vacant lot on Pennsylvania Avenue. The ruffian escaped.

PHILADELPHIA, Feb. 13.

Certain newspapers here pretended to have the European news via Halifax, and circulated the report on the corn exchange to-day, to the great injury of the business.

Congressional.

WASHINGTON, Feb. 13.

SENATE. Mr. Bell of Tenn. gave notice of his intention to introduce a bill providing for the just and fair distribution of the proceeds of the sale of public lands among all the States according to their respective population.

On motion of Mr. Weller a resolution was adopted requesting the Secretary of War to communicate copies of all reports which may have been made to that department by the officers who were sent to it to seat of war in Europe in 1855–6.

The Senate then proceeded to the consideration of private bills. Adj.

HOUSE. A resolution was introduced for the appointment, in conjunction with the Senate, of a committee to inform Messrs. Buchanan and Breckinridge of their election.

Humphrey Marshall opposed it on account of the irregularity in the matter of the Wisconsin electoral vote.

The resolution was adopted.

The House passed several private bills, including one giving a pension to a colored man who acted as a spy in the war of 1812.

Among many reports of a private character, was one presented by Mr. Chaffee, from the committee on patents, extending Hayward's India-rubber patent for seven years. He moved the previous question on its passage, but other business interposed to prevent a vote.

Messrs. Paine and Edie made an adverse report, in which they assumed that Hayward was not the original inventor, that the rest of all persons manufacturing, by the process discovered since the operation of the patent to Goodyear in 1843, are not protected in the bill, and that Hayward has amassed a large amount of wealth by his association with a combination.

The committee was equally divided, Mr. Smith of Tenn. not signing either report. Adj.

Various Items.

NEW YORK, Feb. 13.

The U. S. ship Germantown arrived in Hampton Roads on the 9th inst. She left at Rio Janeiro, Dec. 22d, the U. S. Frigate St. Lawrence, bearing the broad pennant of Commodore French Forrest, and expected to sail in a few days on a cruise to the southward. All well on board.

ST. LOUIS, Feb. 12.

The Senate of Missouri on Tuesday passed by a vote of 25 to 4, a resolution declaring the emancipation of slaves in the State, not only impracticable, but any movement towards it, impolitic, unwise and unjust, and that it should be discountenanced by the people.

13th. The House yesterday passed the Senate's resolution against emancipation, by a vote of 107 to 9.

The Kansas correspondent of the Democrat reports that a recontre had taken place at Tecumseh, between Judge Elmore, the correspondent of the National Era, and Mr. Kaizer, both parties were wounded, but neither dangerously.

CLEVELAND, Feb. 13.

The convention of Lake Underwriters adjourned to-day. The tariff of rates published by the New York Board of Underwriters was adopted with slight modifications. The rates of insurance on cargoes were advanced a quarter per cent, but no change was made in the rates on hulls.

MR. EDITOR:—A new and novel mode of "raising the wind" has lately been adopted, in the following manner. The committee on lectures, for the convenience, as was supposed of purchasers, issued as many tickets by numbers as they later decided for as many lectures to correspond; but ingenuity or meanness will sometimes make mends to what in commercial life would be called cheating, or even forgery,—and something like this was done by disposing of unsold numbers, or altering or forging others. This game was successfully played as I understand at the lecture in the Mercantile Course on Thursday evening last—when 179 tickets of this sort were taken, which, at 25 cents each yielded the selling parties $44.50—quite a snug little sum which should have gone to reimburse the Lecture Committee or to increase the library fund for books, which is its destination after expenses are paid in getting up a course of lectures. We would suggest as a fit subject for the next lecture, *Christian Morality*.

X. Y. Z.

[We think many of the "back tickets" used Thursday evening were so used without any idea or intention of cheating, or of wronging the lecture committee in any degree—but simply from a supposition that as the tickets had not been used it was right and proper to use them; and that they would be received without objection, so long as the hall was supposed to be large enough for all who would attend. That the distribution of those "back tickets" did prevent the sale of many evening tickets however, and thus operate wrongfully upon the pecuniary interests of the course, is probably true; and the strictures of our correspondent are therefore not without force and justice.]

We learn that the Bark "Eastern Belle," ashore at Barnegat, has been contracted to be taken off and delivered at New York immediately.

Arrival of the Black Warrior.

NEW ORLEANS, Feb. 12.

The steamship Black Warrior from Havana is coming up the river.

She brings California dates to the 20 h ult. received at Havana by the mail steamer from Aspinwall.

David C. Broderick has been elected U. S. Senator from California for the long term, and Dr. Gwyne for the short term. Both gentlemen were on their way to New York by the Ore. Law.

A severe earthquake had been felt in the southern part of California.

Trade in San Francisco was dull.

The mining accounts were generally favorable.

We have nothing later of a definite nature from Nicaragua.

THE CHARGES AGAINST THE REV. MR. KALLOCH.—The charges preferred against the Rev. S. Kalloch formed the subject of investigation before the Grand Jury, in session at East Cambridge on Thursday. They will report on Monday next at which time the criminal docket will be called.

INDIAN WAR IN THE SOUTHWEST.—*St. Louis, Feb. 12.* The Westport correspondent of the Republican says that the outward Santa Fe mail left on the 3d inst. A letter from Bent's fort, dated Nov. 23, says that the fort was safe, but that the Kiowas had declared war on the whites. Bent had 25 whites and 400 Cheyennes to protect the fort.

THE BOND STREET MURDER.—In the Burdell case, the statement of Dr. Doremus, who analyzed the spots and stains on the various articles found on the walls and floor of Dr. Burdell's room, was very minute, and the conclusions are that no traces of pure blood were found anywhere, excepting on the walls and floors of Dr. Burdell's rooms, along the passage ways leading to the front door, and on the door.

GROVER & BAKER'S

New Family Sewing Machines!

PRICE $75.00.

Reasons

Why Grover & Baker's SEWING MACHINE is

Universally preferred for Family Sewing.

1st. It is more simple and easily kept in order than any other Machine.

2d. It makes a seam which will not rip or ravel though every third stitch is cut.

3d. It sews from two ordinary spools, and thus all trouble of winding thread is avoided, while the same Machine can be adapted, at pleasure, by a mere change of spools, to all varieties of work.

4th. The same Machine sews silk, linen thread, and common spool cotton, with equal facility.

5th. The seam is as elastic as the most elastic fabric, so that it is free from all liability to break in washing, ironing, or otherwise.

6th. The stitch made by this Machine is more beautiful than any other made either by hand or machine.

We have been appointed agents for the above Machines, and have them for exhibition and sale at our store, where the public are invited to examine them.

DeGuinon's Improved

Non-Explosive Camphene & Fluid

LAMPS and CANS.

HAVING purchased the Patent Right for the State of Maine, for the above Lamps, I am now prepared to offer them to purchasers in every variety, adapted to the use of Parlors, Churches, Stores, Factories, Vessels, Steamboats and Railroads.

These Lamps are constructed on scientific and philosophical principles, and are the only *sure* prevention against explosion from Camphene and Burning Fluids, being made of fire proof durable materials, not subject to accident from breakage or corrosion—will burn freely without smoke, giving an equal and steady light, (the nearest to gas ever produced!)

The above Lamps have proved, after four years trial, to be the best Lamps in use, giving universal satisfaction, and proving perfectly safe.

These Lamps will be sold at wholesale or retail *as low* as the ordinary Camphene and Fluid Lamp, by J. S. RICKER, *No. 19 West Market Square*, Bangor, Me., dealer in Lamps, Cans, and Crockery Ware.

Winter Arrangements.

NEW YORK & PORTLAND.

The Splendid and Fast Steamer WESTERNPORT, Capt. P. S. Berry, will run regularly between New York and Portland as follows:

Leave Brown's Wharf, Portland, every Wednesday afternoon, at 4 o'clock; and, returning, leave New York, Pier 12 N. R., every Saturday afternoon, at same hour.

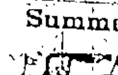

This vessel has just been fitted up with fine accommodations for passengers, making this the most speedy, safe, and comfortable route for travellers between New York and Maine.

Passage $4.30. No charge for State Rooms.

Goods forwarded by this line to and from Montreal, Quebec, Bangor, Bath, Augusta, Eastport, and St. John, with despatch, at the cheapest rates.

For Freight or passage apply to

Summer Arrangement.

The Steamers ATLANTIC, Capt. Geo. Knight, and the FOREST CITY, Capt. A. Prince, will run as follows:

Leave Atlantic Wharf, Portland, every MONDAY, TUESDAY, WEDNESDAY, THURSDAY, and FRIDAY, at 7 o'clock P. M., and Central Wharf, Boston, every Monday, Tuesday, Wednesday, Thursday, and Friday, at 7 o'clock P. M.

Fare in Cabin, $1.25
Fare on Deck, 1.00

Freight forwarded daily over the A. & K. and P. & K. Railroads, to Bangor, and all way stations.

Each Boat is furnished with a large number of State Rooms, for the accommodation of Ladies and families; and travelers are reminded that by taking this Line much saving of time and expense will be made, and that the inconvenience of arriving in Boston at late hours of the night will also be avoided.

The Boats arrive in season for the passengers to take the earliest trains from the city.

The Company are not responsible for baggage to any amount exceeding $50 in value, and that personal, unless notice is given, and paid for at the rate of one passenger for every $500 additional value.

California Steamers,

Carrying the United States Mail.

5th and 20th of each Month.

Greatly Reduced Prices. 50 lbs. Baggage Free.

Through Tickets, including transit of the Isthmus, via Panama R. R.

By order of the Postmaster General, the United States Mail Steamers will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense*. This is the *only* line giving entire Through Tickets, including *meals*, on the Isthmus.

Transit made in *four hours, entirely by daylight*, thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation over rocks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail Line a *sure* and *short* passage, without any detention on the Isthmus.

Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama, and Tickets thus signed can be obtained of the *only authorized Agents* for the Atlantic and Pacific Mail Steamship Companies, in this city. C. L. BARTLETT, Agent,

American & Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
No. 76 State Street, opposite Kilby St.,
BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also, in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions, and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.— The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a Patent, and the usual great delay there, are here saved inventors.

Testimonials.

"During the time I occupied the office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents.— There were few, if any, persons acting in that capacity, who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents.

[From the present Commissioner.]

"August 7, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, as a Solicitor. He is thoroughly acquainted with the law, and the rules of practice of the Office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON,
Commissioner of Patents.

G. W. STONE'S
LIQUID CATHARTIC
—AND—
FAMILY PHYSIC,

The most important discovery ever made in Medical Science, being a compound of Barks and Roots, which forms the most powerful, safe, and agreeable physic ever offered to the public.

THE necessity of such a medicine having long been felt both by the heads of families and physicians. Its advantages over cathartics given in the form of Pills or Powders must be obvious to every intelligent person. It operates more immediately and effectually upon the system, and at the same time is infinitely less difficult to administer, being quite agreeable to the taste. It not only produces all the effects where physic is required, but completely removes Habitual Costiveness, leaving the bowels perfectly free. It expels all humors from the blood, is a certain cure for the Piles, Regulates the action of the Liver, free the stomach from bile, invigorates the whole Nervous System and removes the cause of all local pains, such as *Rheumatism, Neuralgia, Tic Doloureux, Gout, Pain in the Head, Side, Stomach, &c.*

It may also be relied upon in all diseases of the Bowels—DYSENTERY, DIARRHŒA, AND CHOLERA MORBUS, yield at once to its magical influence. Again we repeat, TRY IT!—it needs no other recommendation. No family will be without it after they have properly tested its merits. Reader, if you have tried other remedies, without success, despair not—relief is now at hand. Are you suffering from Scrofula, six bottles of my Liquid Cathartic will cure you. Would you be relieved from habitual Costiveness, three bottles will effect all that you desire. If you are afflicted with Rheumatic, Neuralgic, or other local pains, two bottles will free you from them.— All humors will be eradicated from the blood by the use of from one to six bottles. In short, if you require a physic for any purpose, this is the most reliable, safe, and agreeable to the taste that has ever been placed within the reach of the public.

LINCOLN'S
WATER PROOF BLACKING,
AND LEATHER PRESERVATIVE.

Keep your feet dry, and you will seldom need a Physician.

IS it not a truth that when the feet are often wet, it is one of the greatest causes of colds and consumption? It is a truth that when leather is often wet and dried, it soon becomes hard, stiff, and cracks; but when it is water-proof this is remedied. By the application of this preservative, it remains soft, and entirely impervious to water.

After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it water-proof, but at the same time extremely injurious to the leather. At last by a chemical process, I discovered a preparation which perfectly harmonized with the astringent properties with which leather is tanned. It will not only make leather water proof, but it likewise softens the leather, and it will

Positively wear twice as long.

I have now used it for three years, and a large part of that time have worked in a wet Tannery, with my boots constantly in water, and have not had my feet wet during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

NEW AND IMPORTANT DISCOVERY IN THE SCIENCE OF MEDICINE.

TRIESEMAR.—None are genuine unless the engraving of the Seals of the Patent Office of England, the Seals of the Ecole de Pharmacie de Paris, and the Imperial College of Vienna, are fixed upon each wrapper and around each case.

Sold by Dr. H. A. BARROW—Member of the Imperial College of Vienna, and Royal College of Surgeons, London, who may be personally consulted at his residence, No. 157 Prince Street, (few blocks West of Broadway) New York, from 11 o'clock in the morning till 2, and from 4 o'clock till 8 in the evening, (Sundays excepted.)

TRIESEMAR No. 1—Is the remedy of general and local debility, loss of virile power, premature decay, and all the distressing consequences arising from early abuse, &c.; all physical impediments vanish like magic before its influence, thus rendering it to use invaluable to those entering the marriage state.

TRIESEMAR No. 2—Entirely eradicates all traces of those disorders which copavia and cubebs have so long been thought an antidote for to the ruin of the health of a vast portion of the population.

TRIESEMAR No 3—Is the great European remedy for that class of disorders which, unfortunately, the English physician treats with mercury to the inevitable destruction of the patient's constitution, and which all the Sarsaparilla in the world cannot remove.

TRIESEMAR Nos. 1, 2 and 3—are prepared in the form of a lozenge, devoid of taste or smell, and can be carried in the waistcoat pocket. *Sold in tin cases and divided in separate doses, as administered by Valpeau, Lalleman, Roux, Ricord, &c.* Price $3 each; or four cases in one for $9, which saves $3; and in 27 cases, whereby there is a saving of $9.

Special arrangements have been made with the various Expresses, the nine-dollar cases of the Triesemar, and the larger sizes, will be forwarded by Dr. Barrow, carriage paid, immediately on receiving a remittance, to any part of the world, securely packed, and addressed according to the instructions of the writer, thus securing to the public genuine European preparations, and effectually protecting them from spurious and pernicious imitations. The three-dollar cases sent as usual, but not free of carriage.

1,000,000 BOTTLES SOLD!

Entered according to Act of Congress in the year 1853, by J. RUSSELL SPALDING, in the Clerk's Office of the District Court of Massachusetts.

J. RUSSELL SPALDING'S

ROSE MARY

This great and popular preparation is decidedly one of the nicest and best articles in the world for the HAIR!

It imparts a richness and brilliancy, cleans, ornaments invigorates, embellishes, removes dandruff, relieves head ache, and has probably been used for restoring and preventing the falling off of the hair with as much success as any article ever known. It has stood the test of time and use, and all can rely upon it.

Sole Proprietor, J. RUSSELL SPALDING, Manufacturing Chemist, Principal Depot, 27 Tremont-st., opposite the Museum, Boston, Mass., where all orders should be addressed. The fac-simile of his signature is on every bottle of the genuine.

Singer's Sewing Machines.

THESE celebrated machines are in practical and profitable use in all parts of the civilized world. In all the various trades, and in sewing every sort of fabric, either of cloth or leather they have been fully tried and approved. Sewing machines of other manufacturers often fail to work, but SINGER'S MACHINES ALWAYS OPERATE PERFECTLY, being strong, durable, and complete in contrivance and workmanship. A perfect Sewing Machine kept employed affords a clear profit of $1000 a year; but an imperfect one is a cause of constant vexation and loss. The entire *reliability* of our machines is one great reason for their unparalleled popularity.

MACHINES FOR FAMILY SEWING, of a frail and delicate construction, are recommended by other manufacturers. Such machines are made to catch the eye, not to perform substantial work. The truth is, family sewing machines ought to be stronger than any other, because they go into less skillful hands than when sold to manufacturers, and are used for a greater variety of work. The machines which have proved best for all other purposes must be best for *family* use, and they are Singer's. The speed of our machines has lately been doubled. No other can compare with them in quantity of work.

New machines, of the latest improved style will be exchanged on liberal terms for old sewing machines, of our own make, or for operative machines of other manufacturers. Local agents wanted to sell our machines.

N. B.—All persons desiring full information about sewing machines, can obtain it by applying for a copy of "I. M. Singer & Co's Gazette," a paper devoted entirely to the subject. It will be sent gratis.

Thrice-Weekly
Kennebec Journal for 1857.

DURING the approaching session of the Legislature the undersigned will continue the publication of the *Thrice-weekly Journal*, being the XIIIth Volume of the same.

As is well known, the chief purpose of this paper is to afford the public of Maine a faithful record of the deliberations and actions of its Legislature. With the reports of the Legislative doings, we intend also to publish the proceedings of Congress, as they are given in the best reports from Washington.

As the renewal of all the Bank Charters in the State will come before the Legislature this Winter, the debates and proceedings will be of peculiar interest to all who are interested in Bank property.

The numerous lines of railroad which now traverse the State in all directions, will enable a very large proportion of our subscribers to receive their papers a few hours after their publication. This fact renders a subscription to the Thrice-Weekly more desirable and satisfactory than in former years.

The Thrice-Weekly Journal will be published on *Monday, Wednesday* and *Friday* mornings. The price will be

Single Copy—One Dollar for the Session,

As usual, payable in advance. Any person forwarding us $8 shall be entitled to the ninth copy for his trouble. To any one who will send us $16 we will send two copies extra for his trouble. Whoever shall send us $24 shall be entitled to three copies extra, and in like ratio for a larger amount.

It is desirable that the names of subscribers accompanied with the money, may be forwarded at or before the commencement of the session.— *Money remitted by mail at our risk.*

PROFESSOR WOOD'S
HAIR RESTORATIVE.

It has Worked Miracles

THAT ALL THE BALD AND GRAY can be restored perfectly to original growth and color, so far as their locks are concerned, does not admit of doubt; besides, it will cure every possible disease of the scalp, whether developed as dandruff, itching, or in the shape of cutaneous eruptions—even scald-head—and in no possible case will it fail of curing, as if by magic, nervous or periodical Head-ache, and if used twice a week by the young regularly, it will preserve the color, and keep the hair from falling to any imaginable age. Read and judge.

MILFORD, Worcester Co., Mass., Nov. 1855.

PROF. O. J. WOOD—Dear Sir:—I take pleasure in bearing voluntary testimony to the magic effects of your wonderful Hair Restorative. As far back as 1836, my hair commenced falling off until the top of my scalp became bald and smooth as glass, and it has continued to fall for a great many years, notwithstanding I have used many celebrated preparations for restoration. Seeing your advertisement, I was induced to give your article a trial, and to my utter astonishment, found, after a few applications, that my hair became firmly set, and assumed a glossy and beautiful appearance; and by the time I had used a quart bottle, my bald head was covered over with a young and vigorous growth of hair, which is now from one to two inches and a half in length, and growing fast.

Yours truly,
HENRY GOODRICH.

CHARLESTOWN, Mass., Aug. 9, 1855.

GENTS:—Nothing but a duty and sympathy that I feel to communicate to others that are afflicted as I have been would induce me to give this public acknowledgment of the benefit I have received from Prof. Wood's Hair Restorative. When I first commenced using it, my hair was quite gray, and in spots entirely bald. I have now used O. J. Restorative about five months, and my hair is entirely changed to its original color, brown, and the new hair is over three inches in length on the spots where it was bald. I have also been much gratified at the healthy moisture and vigor of the hair, which before was dry, and it has ceased to come out as formerly.

Respectfully yours, &c.
MRS. R. A. STODDARD.

From Mrs. Ingalls, a well known nurse in Boston.

BOSTON, Oct. 19, 1855.

GENTS:—At your request, and being so highly pleased with the effects of the Restorative, I am free to state that my hair had become quite thin, and entirely white. I have for the last five years been in the habit of using dye, but hearing of the extraordinary effects of this article, I was induced to try it. My hair has been restored to its original thickness; and also to its former color, which is light brown.

Yours respectfully,
MRS. INGALLS.

The following is from the Pastor of the Orthodox Church, Brookfield:—

BROOKFIELD, Mass., Jan. 12, 1855.

PROF. WOOD—Dear Sir—Having made trial of your Hair Restorative, it gives me pleasure to say, that its effects have been excellent in removing inflammation, dandruff, and a constant tendency to itching, with which I have been troubled from my childhood, and has also restored the hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure and profit.

Yours truly,
J. K. BRAGG.

(From the Jersey City Telegraph.)

WHAT IS IT FOR—This WOOD'S HAIR RESTORATIVE?— is a question asked daily by hundreds. We answer without hesitation, or fear of contradiction, that it is the only article known which will do all it promises for the human hair. *It will renew its growth—it will stop its falling —it will restore its natural color!* It is not a hair dye, but a speedy and effectual Restorative.

THE GREATEST
MEDICAL DISCOVERY
Of the Age.

DR. KENNEDY, of Roxbury, has discovered in one of our *common pasture weeds*, a remedy that cures

EVERY KIND OF HUMOR;
From the worst Scrofula down to a common Pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the worst cases of Ringworm.

Two to three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure the salt rheum.

Five to eight bottles will cure the worst cases of scrofula.

A benefit is always experienced from the first bottle; and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in Diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you can get, and enough of it.

DIRECTIONS FOR USE.—Adults one tablespoonful per day—Children over ten years dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

The Principal Office for the State of Maine and the British Provinces, is at the Drug and Medicine Establishment of H. H. HAY, 16 & 17, *Market Square, Portland, Maine*, to whom all orders should be addressed. Sold by respectable Druggists throughout the United States and British Provinces.

AYER'S
Cathartic Pills
(SUGAR COATED,)
ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK. Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues.

FOR THE CURE OF
Headache, Sick Headache, Foul Stomach.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing.

Yours with great respect, ED. W. PREBLE,
Clerk of Steamer Clarion.

Bilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR, WASHINGTON, D. C., 7 Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them.

Fraternally yours, ALONZO HALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Relax, and Worms.

POST OFFICE, HARTLAND, LIV. CO., MICH., Nov. 15, 1855.

DR. AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here.

GEO. J. GRIFFIN, *Postmaster.*

Indigestion and Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, WYOMING CO., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORGRIDGE.

Rheumatism, Neuralgia, and Gout.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, SAVANNAH, GA., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, BATON ROUGE, LA., 5 Dec., 1855.

DR. AYER: I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years. VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL

FOR THE RAPID CURE OF
COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the CHERRY PECTORAL saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

ANTAGONISTIC
To Prejudice and Empiricism!

OLD DR. CULVERWELL'S

(Member of the Royal College of Surgeons (1827,) Licentiate of the Hall (1824,) and 28 years (Medical Referee, &c.)

Radical Regenerator,

FOR SEMINAL WEAKNESS,

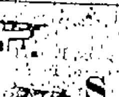

In all its forms, as Nocturnal and Diurnal Emissions, Nervous Irritability, Premature Decay, Loss of Virility, Impotency, and all diseases arising from early indiscretion.

This excellent Remedy, discovered by the world renowned DR. CULVERWELL, in London, the most successful practitioner in his line for the last 30 years, is now for the first time offered to the afflicted in the fullest confidence of its extraordinary virtues. Its salutary effect is almost instantly felt, and it will doubtless at once supersede all other means resorted to, medical, surgical or otherwise, to arrest and to cure this awful disease. A single trial will convince the most sceptical, that a safe and perfect cure may now be had at the expense of a few dollars, which up to this date could not be procured for all the gold of the world. The heavy expenses incurred in bringing this article before the public, could not be risked, were its superiority over every means hitherto employed for the same purpose not as sure guaranteed that its employment by *one* person would, through recommendation, result in an eventual sale to many.

DR. CULVERWELL'S admirable and entirely novel plan of treating these diseases, is, in the interest of Humanity, recommended to physicians throughout the land, to whom every facility will be afforded for testing its wonderful efficacy in their private practice.

Full and plain directions for all the different varieties of the complaint accompany Dr. Culverwell's REGENERATOR-REMEDY, so as to enable every one to treat himself or herself successfully. Price $2, on the receipt of which it will be forwarded by mail, free of postage, to any part of the country. Address, Messrs. WHOLESALE—AND ALSO IN SMALL PACKAGES,

E. L. DYER & CO.,
(Sign of the Chinaman grinding Coffee)
141 WASHINGTON STREET BOSTON.

Supply the best, freshest, purest articles, at the lowest *Cash prices*. Their Stock consists of

Teas, Coffee, Chocolate, Allspice, Pepper, Mustard, Ginger, Cayenne Pepper, Nutmegs, Cinnamon, Cloves, Cream Tartar, Tartaric Acid, Soda, &c.

Having every facility for manufacturing and preparing the several articles named, that the public may rely on having them *pure* and *genuine*, as they are put up carefully, and bear our name and label, "TREMONT MILLS, E. L. DYER & CO.," To give consumers some idea of our prices, we annex the following scale of prices, viz:

5lb. Souchong Tea,	1.50	5lb. Mocha Coffee,	
5lb. Oolong Tea,	1.75	5lb. Java Coffee,	
5lb. Young Hyson Tea,	2.25	5lb. good Coffee,	1.00

The Spices are put up in ¼ and ½ lb. papers, expressly for family use, and are warranted to be strictly a pure article, and only need a trial to establish them in public favor.

SPANISH COFFEE.—We would call the attention of consumers and dealers to our Spanish *Coffee*, as an article which is highly esteemed, and gives the greatest satisfaction. It is prepared with particular care, and by a peculiar process in roasting one pound of this coffee, it is believed is equal to 1½ lbs. of any other.

DANDELION COFFEE.—This article is carefully prepared at our mills, and put up in packages having our trade mark and may be relied upon as the best and most approved mixture of dandelion and coffee.

TARAXACUM, or *Prepared Dandelion Root*. This article is prepared and roasted at our Mills, is retailed by Family Grocers generally in city and country, and bearing our trade mark, "*Chinaman grinding coffee*," may be relied upon as the *genuine article*. The proportion used is about one half the quantity of coffee. The price is 20 cents per pound, and it is warranted to be the same as that which has been sold for fifty cents a pound by druggists.

The medical properties of Dandelion are well known, and held in high estimation by all who use it. This being a preparation of the root, with all its medicinal virtues retained, can be mixed with coffee or not, as best suits the taste, and will be found cheap and economical as a family beverage, one pound of which being nearly equal to two pounds of coffee. It is prescribed by many eminent physicians, to invalids, children and aged persons, as a nutritious beverage, and as a remedy for Dyspepsia, Bilious affections, &c.

Be careful to observe that all our Coffee have our trade mark, "Chinaman grinding coffee."

To Grocers and Dealers a liberal discount is made, enabling them to supply their customers at the same low rates.

TO CASH PURCHASERS.—Our object being to secure large sales at small profits, we offer inducements which cannot be afforded by those who do business on the credit system, and we confidently invite an examination of the quality of our stock, and our prices, as compared with those of any other house.

Encouraged by the success which has attended the publication of *LESLIE'S ILLUSTRATED NEWSPAPER*, which is now closing its second volume, the Proprietor has determined to return to his numerous subscribers a portion of his profits in the following manner:

Every tenth subscriber will have his money returned by the next mail, and the paper will be sent *gratuitously* for his term of subscription.

Thus in every 1000 subscribers, 100 will have their money returned and the paper sent for Six Months when they remit Two Dollars, and Twelve Months when they remit $4.

Every subscription, as it is received, by letter or otherwise, at his Office, 12 Spruce-st., New York, will be registered in a book kept by the Proprietor himself.

The Prize numbers will be 10, 20, 30, 40, 50, 60, 70, 80, 90, and 100 in each hundred. Persons obtaining any of these numbers will have their money returned and the paper sent free, as above.

Persons obtaining the following numbers in every thousand, in addition to the return of their subscription money as above, will receive the following prizes:

No.	100,	Lady's Gold Bracelet.
"	200,	Gentleman's Gold Watch Chain.
"	300,	Gold Watch, (Lady's or Gent's.)
"	400,	Lady's Gold Chatelaine.
"	500,	Set of Silver Tea Spoons.
"	600,	Gold Breast Pin.
"	700,	Gold Watch, (Lady's or Gent's.)
"	800,	Diamond Ring, (Lady's or Gent's.)
"	900,	Set of Silver Dessert Spoons.
"	1,000,	Grand Rosewood Pianoforte.

These prizes will be given to the same numbers in each and every thousand, in addition to the subscription money, being returned and paper sent free to each and every tenth subscriber, as above stated.

This subscription book was opened October 2, 1856, in which all future subscriptions will be registered.

Every person whose money is returned, or who is the recipient of either of the above prizes, will be required to furnish an acknowledgment of the same, and their names will be published from time to time in the advertising columns of Leslie's Illustrated Newspaper.

It should be borne in mind that every subscriber under all circumstances, whether the recipient of a prize or not, will get more than a full equivalent for his money in the paper itself. This is the only Illustrated Newspaper in the United States.

CLUBBING.—Persons sending us Eleven Subscribers are certain to receive back one subscription and have a chance for two; for example, on the receipt of the eleven subscriptions, the last number on the books might be 50—the eleven additional subscribers will then include two prizes.

FRANK LESLIE'S ILLUSTRATED NEWSPAPER.— The last numbers of Frank Leslie's Illustrated Paper have come to hand. In style and general appearance it resembles—and is quite equal to—the London Illustrated News, which is world renowned for the excellence and variety of its illustrations. The New York paper, however, is sold at half the price of its London prototype. The engravings in *Frank Leslie* are infinitely superior to those in *Ballou's Pictorial*.—*Whig, Easton, Pa.*
